WORKING TOGETHER

Our collective aim must be to provide a positive health and safety culture throughout Tyne & Wear Archives & Museums, so that there is a continuous, cost effective, improvement to health and safety performance.

We all owe this to our fellow employees and to other persons who may be affected by our activities, and to the cause of minimising financial losses from accidents and incidents of equipment damage. To support this Newcastle Personnel (Safety) will provide us with professional safety and occupational hygiene assistance.
